PERMISSION TO RECEIVE ELECTRONIC TRANSMISSIONS FOR PARK BUSINESS

Dear Owners,

If you have given me your email address, all I need is your approval to electronically send you Oak Grove correspondence. Emailing helps to cut down on the postage expense and the time for you to receive information through the postal service. I can also email documents that have come to you in the mail. I would like to remind you to make sure that your mail forwarding has not expired. You can renew it online at [www.usps.com](http://www.usps.com)

Thank you for your help here. Please return as soon as possible. Email is fine.
